

Safeguarding Adults Training Programme April 2022 – March 2023

Introduction

Welcome to the NHS Derby and Derbyshire Clinical Commissioning Group Safeguarding Adults Training Programme for 2022-2023.

Training will continue to be delivered via MS Teams, following the Covid pandemic., however, this will be monitored.

We are delighted to be able to offer a number of new training workshops this year, sessions on Hoarding and Sexual Violence. These will be delivered by external speakers.

Certificates of attendance will be emailed on completion of the training.

E- Learning is also accessible for CCG staff to access via ESR Training and other web links see **Page 5**.

Who requires training?

All staff (including Primary Care staff) require **Safeguarding Adult** training every 3 years. This is a mandatory requirement. All CCG Staff require **PREVENT** training, every 3 years. This is also mandatory.

The following page, page 4, shows forthcoming NHS Derby and Derbyshire CCG training dates.

As outlined in the Intercollegiate Document (2018) GPs and Practice Nurses require 3 hours safeguarding adult training annually (totalling a minimum of 8 hours over 3 years). This can include any of the following related subjects :-

- Safeguarding Adults (Level 3) – Mandatory every 3 years
- PREVENT
- Mental Capacity Act/Deprivation of Liberty Safeguards
- Domestic Abuse Awareness
- Multi Agency Risk Conference (MARAC)
- FGM
- Modern Slavery
- Financial Abuse
- Multi Agency Public Protection Arrangements (MAPPA)
- Safeguarding Conferences
- Hate Crime
- Making Enquiries under S42 Training
- Chairing Multi Agency Meetings

Liberty Protection Safeguards

In December 2021 the government confirmed that they were delaying the implementation of Liberty Protection Safeguards which will replace the current Deprivation of Liberty Safeguards structure. In the meantime, the Mental Capacity Act remains and will be unchanged as a result of LPS, all practitioners should still follow the Code of Practice and be aware of best interest decision making where appropriate to do so.

Staff can also register for training via the Derby & Derbyshire Adult Safeguarding Adult Boards, links below:

Derby City Safeguarding Adults Board:

FINANCIAL ABUSE online
training

N.B. E--Learning is not the preferred learning option, however if you complete and pass the e-learning modules this will count towards your mandatory training.

Additional Resources Available

NHS Derby and Derbyshire CCGs Safeguarding Adults Team have developed further resources to assist with learning and training. These include the Safeguarding Adults Derbyshire App, the MCA DoLs App and Podcasts.

****Adult Safeguarding Derbyshire App****

Safeguarding is 'everybody's business'. This free App is useful for all staff, who provide care and support, whatever their role, to any adult in any setting. It uses swipe screen technology to guide you through a series of decision referral pathways, making it easier to recognise risk and know what to do if you have a concern. There is a wealth of practical advice and information. The App has links to referral processes, operational policies and guidance.

Simply download the app from the Play Store (Android) and the Apple Store (iOS) ;-

Click [here](#) or search 'Safeguarding Adults Derbyshire' in Play Store

Click [here](#) or search 'Safeguarding Adults Derbyshire' in Apple Play Store

****Mental Capacity App****

The Mental Capacity Act and Deprivation of Liberty Safeguards are an important part of all patients/lives. While the act tells us we must always assume a person has capacity, there will be times in our clinical assessment of a patient where capacity may be in doubt in relation to a specific decision. It is appropriate to carry out capacity assessment. On those occasions the MCA App can help you to make this assessment by simply following the pathway and answering the question yes or no.

Simply download the app from the Play Store (Android) and the App Store (iOS) ;-
